To Whom It May Concern,

I write in support of the Gold Coast Hindu Cultural Association and their efforts towards establishing the "Gold Coast Hindu Education and Cultural Precinct". The ambitious proposal aims to create a centre to foster cultural activities, classical literature, music and dance, spiritual and language education and a place of worship, and will need support from all levels of government, Federal, State and Local.

As the State Member of Parliament for Southport, I am pleased to lend my support to such an endeavour. I believe that the work of the Gold Coast Hindu Cultural Association is very important, particularly their work surrounding community engagement of the Hindu population. It is important that this work is encouraged so that their work can continue and be more vibrant and better than ever.

I am fully supportive of this undertaking by The Gold Coast Hindu Cultural Association and wish them all the best with this project.

Yours sincerely,
